

## GlamDecor

VINYL WALLCOVERING

### 1. Description

---

GlamDecor is a wallcovering with non-woven backing and vinyl coated surface.

### 2. Uses

---

GlamDecor is the ideal solution for covering walls in all environments, whether residential or commercial. The product has a lightly textured finish, bringing out the design and making it tactile.

### 3. Surface preparation

---

The surfaces involved must be clean and dry. The surface where GlamDecor is to be installed must be smooth and flat. Where walls are irregular, such as tiled walls, grout must be applied and levelled as appropriate.

### 4. Maintenance

---

To clean, use a mild detergent dissolved in lukewarm water. Rinse with clean water after washing. Remove stains as quickly as possible, to prevent any possible reaction between the staining substance and the covering. It is especially important to act rapidly to remove materials containing colours or solvents. If the offending substances remain on the wallcovering for too long, the discolouration may become permanent. Before cleaning, take care to test all detergents in an area out of sight, in order to ensure that they are compatible with the covering.

### 5. Technical specifications

---

- Weight: 360 (+/- 20) gr/sqm
- Roll width: 50 cm
- Reaction to fire:
  - Euro class: B-s1-d0 (EN 13501-1)
  - ASTM: class A (E-84-15a)
- Free from solvents, formaldehyde, heavy metals
- Durability: impact resistant according to EN 259-2
- Light fastness:  $\geq 7$  International Wooldscale – BS EN 20105/ISO EN 105-b02
- Washability: extra-scrubbable EN 259-1/EN 12956
- Bio-Pruf® anti-bacterial treatment to inhibit the growth of micro-organisms such as bacteria and fungi.
- FSC® certified: FSC-C100728
- Reach compliant according to EU regulation 1907 / 2006 EC
- Dry strippable
- LEED v.4.1: Compliant
- BREEAM International: Compliant
- French VOC Regulation: A+
- Italian CAM Decree: Compliant

## 6. Warnings

---

- Product for professional use.
- Follow the national regulations.
- Make sure that the surface is perfectly clean, dry and planar.
- If necessary, require the safety data sheet.
