

CORK STRIPS FLOW

ABOUT FLOW

Cork Strips Flow is the epitome of movement, changing horizontal lines into free-flowing lines. Flow is a very exquisite item, but with a touch of irreverence, for its escape from the rigidity of lines that morph into fluid shapes. It was designed to go with Cork Strips Infinity, but it can also be used on its own as a continuous pattern. Its ultimate purpose is to produce ageless, elegant, yet alive, and moving walls. This artwork may also produce highly intriguing light effects with the correct illumination.

MATERIAL

Massive cork pieces agglomerated with special resins and additives, molded-in shape with mass color pigmentation.
