

# CORK STRIPS SPHERE

## ABOUT SPHERE

The horizontal stripes that make up the Cork Strips Sphere are the perfect balance of simplicity and comfort. Its lines form a continuous pattern, but its large centre sphere gives it a three-dimensional appearance as well. Amazing light shows and optical illusions are produced as a result. It was designed as a continuation of Cork Strips Infinity because the two parts may be put together on the same wall to make an unlimited variety of patterns. However, it can also be used on its own. This makes it possible to design distinctive rooms that, because to their strong lines, seem to have no end.
