Murals Change

A thick layer of glaze splits Murals Change into two differently-shaped surfaces. The dessin varies between individual tiles. This emphasizes the pure ceramic character of the tiled wall. Murals Change is available in gloss-stonematt and stonematt-stonematt glazes. The glossstonematt variant gives a wall depth and dynamism. In matt-matt, Murals Change has a strong colour effect. Both tiles respond to the intensity and angle of the light in the space.

Authentic ceramic walls in complete harmony with the architecture of a building: that is the essence of Murals. The series comprises characteristic tiles in various colours, formats, gloss finishes, and textures. Through unique personal combinations, a creative wall-tile pattern emerges: a mural. A Murals wall is characterized by the layering in multiple dimensions. Murals comprises the series: Murals Blend, Murals Change, Murals Fuse, and Murals Lines.

Murals Change consists of seven colours: bright white, mid warm grey, light cool grey, ocean green, clay beige, dark anthracite and silver grey. All tiles are available in the glaze combinations gloss-stonematt and stonematt-stonematt, each with a varying effect.

Service

Sample service

Choosing the right tile purely on the basis of photos can be tricky. You can more easily judge the quality, colour, texture, and the dessin if you have the tile in your hands. Colour samples and sample folders can therefore always be requested free of obligation via your project adviser, Customer Service, Mosa showrooms, partners, and our website.

Documentation and personal advice

From design to implementation, you can turn to Mosa at every stage of the process for inspiration, production information, or advice. Our website features a wealth of information and resources, including references, brochures, technical specifications, other specifications, and much more. If you would like personal advice, please contact our Customer Service team or project advisers.

Design Studios and distributors

Mosa has its own Design Studios in Maastricht and Amsterdam where designers, architects, and clients can come to experience the look and feel of our entire tile collection. Alternatively, you can go to one of our distributors. Our website will provide more information on the distributors near you.

Any questions?

We set high standards for the advice and support provided to our clients. This means that we actively aim for dialogue and that we are interested in what interests you. This forms the basis for good cooperation. We are happy to contribute ideas and suggestions to make things as easy as possible for you. We are a partner, from the beginning to the end of the building process. Our Customer Service employees and your project adviser are always ready to assist you.
